Canon SX Engine's Life Expectancy Is 300,000 Pages

=====

This article last reviewed: 11 January 1988

The Canon SX LaserWriter engine has a life expectancy of 300,000 pages. Service is required after 100,000 pages, at which time the following parts and/or assemblies should be replaced:

- Fuser Assembly
- Pick-up Roller Unit
- Transfer Guide Unit
- Transfer Corona Assembly
- Ozone Filter
