A/UX Includes Two Text Formatters

=====
Article Created: 16 March 1988

Article Change History

08/31/92 - REVIEWED
• For technical accuracy.

TOPIC -----

What text formatters are available under A/UX?

DISCUSSION -----

The text formatters that are available under A/UX are the UNIX standards nroff and troff. There are also some Macintosh applications, such as MORE (tm) that may also run on the ToolBox.
