ResCopy XCMD Is Copyrighted by Apple

=====

This article last reviewed: 26 September 1989

Some users have asked about posting the HyperCard stack ResCopy 4.0b17 on a bulletin board.

The ResCopy XCMD 4.0b17 is under an Apple copyright 1987-1988 and is NOT in the public domain. The distribution of ResCopy XCMD 4.0b17 is limited and controlled via license agreements through Apple Software Licensing.

For complete details about the distribution limitations of ResCopy XCMD 4.0b17 (and other Apple software), contact Apple Software Licensing.

For address information search on Software Licensing.
