AppleShare 1.0, 1.1; LaserShare: How to Upgrade

========================================================================

This article last reviewed: 20 May 1988

Two upgrades are available:

- You can upgrade AppleShare 1.0 or 1.1 to the new AppleShare File Server
  Version 2.0.

- You can also upgrade your copy of LaserShare to AppleShare Print Server.

Price
-----
The upgrades are free to customers who purchased AppleShare or LaserShare on
or after March 1, 1988.  Product purchased before March 1, 1988 can be
upgraded for $50.00 for each copy of AppleShare or LaserShare.

How to Upgrade
--------------
The upgrade form was sent out in the March 20, 1988 AppleGram. All upgrades
must use the official upgrade form. No substitutes, facsimiles, or
photocopies will be accepted.  If you need additional copies, contact your
Sales Rep.

You must send back the ORIGINAL AppleShare or LaserShare installer disk.
One installer disk is required for each upgrade. For upgrades purchased on
or after March 1, 1988, please include your dated original itemized sales
invoice. Keep a copy for your records. Products purchased before that date
can be upgraded for $50 each. No orders will be processed until July 1, 1988.
After that date, allow six to eight weeks for delivery. If you have questions
about the offer, please call (503) 644-4456.

When and Where
--------------
The upgrade request must be postmarked before September 30, 1988.

The address for the upgrade is:
```

AppleShare/AppleShare Print Server Upgrade Program
c/o Apple Computer, Inc.
P.O. Box 8028
Beaverton, OR 97076
