A/UX: Limited Macintosh OS Disk Space

=====
Article Created: 10 October 1990

Article Change History

08/31/92 - REVIEWED
• For technical accuracy.

TOPIC -----

My A/UX hard drive doesn't have any of the usual Macintosh software like Font/DA Mover, HD SC Setup, and so on.

DISCUSSION -----

Because most of the drive is taken by A/UX, the Macintosh partition is very small. A lot of the usual Macintosh utilities just don't fit.
