A/UX: How to Boot Into Single-user Mode

=====
Article Created: 11 October 1990

Article Change History

08/31/92 - REVIEWED
• For technical accuracy.

TOPIC -----

When booting into single-user mode, I got the error:

initiate single-user mode, unknown id root

DISCUSSION -----

You need to replace your /etc/passwd file. Somehow, the entry for root has been removed from /etc/passwd file.
