System 7: Balloon Help for Applications

=====

Article Created: 4 March 1991

Article Change History

08/24/92 - REVISED
• For clarity.

TOPIC -----

Can I get Balloon Help for my current application?

DISCUSSION -----

To get Balloon Help for an application you were using under System 6, you need to obtain a version of the application that supports Balloon Help under System 7. Most new or updated applications that came out after May 1991 support Balloon Help.
