Macintosh LC Apple IIe Card version 1.0: Software Compatibility

=====================================================================

Article Created: 13 May 1991
Article Reviewed/Updated: 26 July 1993

TOPIC -------------------------------------------------------

Apple makes no warranty or representation, either expressed or implied, with
respect to this list, its quality, accuracy, or fitness for a particular
purpose. In no event will Apple be liable for direct, indirect, special,
incidental, or consequential damages resulting from any defect or inaccuracy in
this list. Please contact the developer for current compatibility information.

Mention in this list does not constitute an endorsement by Apple Computer,
Inc.  Third-party product information is provided for compatibility reasons
only.

Please contact your dealer or the software developer if you have any
questions.  They can help you identify the newest version of a particular
program or tell you how to upgrade your current version if necessary.  For best
results, we recommend you use the latest versions of software and hardware
products with your Apple IIe Card for the Macintosh LC.
