PATHWORKS Oracle Access: Use APDA's DAL Server for the VAX/VMS

=====
Article Created: 16 August 1991
Article Last Reviewed: 30 June 1982
Article Last Updated: 30 June 1982

TOPIC -----

I purchased PATHWORKS for the VAX and received only the network adapter for Rdb. Where can I get the Oracle database adapter?

DISCUSSION -----

PATHWORKS comes only with the Rdb adapter. To talk with Oracle, you need to purchase the DAL Database Adapters for the VAX/VMS from APDA.

For APDA contact information, search the Tech Info Library under "APDA and Cupertino".
