PowerBook: Fax/Data Modem Part Number (4/95)

===

Article Created: 27 October 1992
Article Reviewed/Updated: 06 April 1995

TOPIC ---

The Getting Started manual for the PowerBook and the Standard Retail Price list
have different part numbers for the US internal Fax/Data Modem. Which is
correct?

DISCUSSION --

The price list is correct with part number M0970.

The Getting Started manual is incorrect, and shows the part number as M0980.
This modem is discontinued.

Article Change History:
06 Apr 1995 - Noted modem is now discontinued, added keyword.
