NEC CD ROM: FFA Version Required (6/93)

===

Article Created: 4 June 1993

TOPIC ---

To use the NEC CD ROM with a Macintosh, you must install Foreign File
Access 4.0.2 or later versions.

DISCUSSION --

You can find Foreign File Access on AppleLink posted in Software Updates,
or you can obtain it from the vendor directly.

Also, Apple Software Licensing gave NEC and other CD-ROM distributors
permission to distribute CD-ROM Setup 4.0.2.
