Money Magazine Business Forms: Description (7/93)

=====
Article Created: 30 July 1993

TOPIC -----

This article describes Money Magazine Business Forms, a Newton software application.

DISCUSSION -----

Money Magazine Business Forms is a Newton-based software application. It has 12 templates which contain often-used financial forms, including expense reports, project plans and loan calculations.

Money Magazine Business Forms is delivered on diskette. With the optional Newton Connection Kit, you can download individual forms to your Newton from your personal computer.
