PowerBook: Radius PowerView Discontinued 11/93

=====
Article Created: 16 November 1993

TOPIC -----

The Radius PowerView External Display Interface has been discontinued. This will effect certain PowerBook users (see below.) Please do not refer callers to Radius for this product.

DISCUSSION -----

PowerBook computers effected will be all models without video out capabilities, specifically the 100,140,170,145, and 145B PowerBook models.
