GeoPort Telecom Adapter: Surge Protection (1/94)

=====

Article Created: 20 January 1994

TOPIC -----

Is there any built in surge suppression or surge protection in the
GeoPort Telecom Adapter?

DISCUSSION -----

This is a follow-on to your original inquiry. After some research, we
were able to determine that the GeoPort Telecom Adapter is surge protected.
There is a clamp at 300V, and the unit is fused.
