HyperCard: Phone Dialing with Abaton Interfax Modem (7/92)

```
======================================================================
```

Article Created: 12 July 1991
Article Reviewed/Updated: 25 Mar 1994

TOPIC ---

The Phone stack in HyperCard 1.2.5 (and presumably in 2.0 and 2.1 as well) does not automatically dial numbers if you have an Abaton Interfax modem.

DISCUSSION --

To get HyperCard to automatically dial, turn the Interfax control off in the Abaton Interfax control panel.
