Personal LaserWriter 320: Compatible With Apple IIGS (2/94)

=====
Article Created: 25 February 1994

TOPIC -----

Can a Personal LaserWriter 320 be used with an Apple IIGS and GSOS 6.0?

DISCUSSION -----

You can use the Personal LaserWriter 320 on an Apple IIGS running GSOS 6.0.
Here is how:

- 1) Open the Net Printer Control Panel
- 2) Select ImageWriter Emulation

You can use the ImageWriter Emulation to print to any Apple PostScript AppleTalk printer.
