TOPIC ---

This article provides a partial list of QuickDraw GX compliant applications.

DISCUSSION --

These terms will help you interpret the level of QuickDrawGX support provided in these applications:

• Aware - Supports QuickDraw GX printing, printing extensions, and Portable Digital Documents (PDD).
• Plus - Supports "Aware" features and uses GX for font and graphic handling, including advanced typographic features such as tracking, kerning, leading, and so on.
• Dependent - Requires QuickDraw GX for all typography, graphics, and printing. Will not run without GX.
