Performa: Installers for QuickDraw GX and PowerTalk (8/95)

==

Article Created: 16 August 1995

TOPIC ---

Where can I find the QuickDraw GX and PowerTalk installers on my Macintosh
Performa computer?

DISCUSSION --

If you have a Macintosh Performa 5200 or 6200 series computer, the installers
are located on your Macintosh Performa CD. Follow the path:

System Software Files -> Apple Extras Files

If you have any other Macintosh Performa computer bundled with System 7.5, the
installers will be on your hard disk. Follow the path:

Apple Extras -> System Software Extras
