PhotoFlash 2.0: White Images Instead of Pictures (9/95)

=====
Article Created: 13 September 1995

TOPIC -----

This article contains information on a problem with PhotoFlash 2.0 after QuickTime 2.1 is installed on a Macintosh computer.

DISCUSSION -----

After installing QuickTime 2.1, PhotoFlash 2.0 displays blank white images instead of pictures. To correct this you must reinstall PhotoFlash 2.0, then install the PhotoFlash patcher, then re-start.
