Newton 2.0 OS: BackDrop To Do List Isn't Updated (1/96)

===

Article Created: 3 January 1996

TOPIC ---

I set the Backdrop to Dates, and I view "Today's Agenda". When I turn off my
Apple MessagePad, then turn it on the following day, the date is correct but the
unchecked items in the To Do list do not roll over.

DISCUSSION --

This issue is known and being investigated by Apple. The workaround when this
occurs is to select Show Today.
