PowerBook: Duo Dock Top Cover Upgrade No Longer Available (3/96)

=====

Article Created: 19 March 1996

TOPIC -----

I just called my authorized Apple service provider. They told me I can no longer order the Duo Dock Top Cover Upgrade. How am I going to be able to fit my new color PowerBook Duo computer into an original Duo Dock without this top cover? Is there a different my Apple service provider could order?

DISCUSSION -----

The Duo Dock Top Cover Upgrade (M1814Z/A) which is necessary to put a color duo into an original Duo Dock is no longer available.

However, the service part (922-0519, Top Cover, Duo Dock II w/door) is still available. So, if you need the taller top for your original Duo Dock, you will need to ask your authorized Apple Service provider to order this service part instead of the finished goods part.
