HyperCard: Problem with Type 3 Error Opening Power Tools (5/96)

===

Article Created: 24 May 1996

TOPIC ---

This article describes type 3 errors when opening the Power Tools stack
installed with the MultiMedia Learning Tools Bundle.

When I open the Power Tools HyperCard stack I get a type 3 error. Is there a
problem with the stack?

DISCUSSION ---

The Power Tools stack in this bundle has an issue with the GeneralPalette XCMD.
The resolution is to replace the Power Tools stack. The latest Power Tools stack
is available from the online Apple Software Updates locations in the updated
HyperCard 2.3.5 Stacks. A Power Tools stack from HyperCard 2.3.x can also be
used.

These articles can help you locate the software update mentioned here:

• "Where To Find Apple Software Updates" - Lists online services for free Apple
software updates.

• "Obtaining Apple Product Support in the USA" - Lists 800 numbers and online
services for software updates, Apple support information, and a subset of the
Apple Tech Info Library.
